calmness > party

This is NOT for you if:

you are looking for a party boat or fake luxury. Here we are all about REAL connection, slow living and finding calmness in nature.

BIG WAVES – SMALL CROWDS

Expect perfect-shaped, often forgiving coral reefs with lefts, rights, and A-frames, offering everything from mellow walls to powerful barrels. Perfect for all levels.

Our experienced surf guides will take you to secret spots and empty line ups so you can surf your best waves every day.

THE SURF

THE YOGA

FIND YOUR BREATH – FIND YOUR BALANCE

Powerful morning Vinyasa classes to increase flexibility and get you ready for the waves. And evening Restorative classes that allow you to recover and find relaxation.

Our yoga teacher will give you hands on adjustments so you can improve your practice no matter which level you are on.

For ten days, this boat is home.

Waking up with the sunrise, stepping straight into the ocean and moving through the day with a sense of freedom that only life on the ocean can give you. Everything slows down here, and what remains is simple: good waves, good people, and time to just be.

We'll spend the ten days exploring the Central Atolls and living on a boat that sleeps twelve guests. There's ample space inside to get out of the sun and relax between sessions, and a nice open top deck where we'll do yoga, drink coffee and star-gaze at night.
